Identity Guidelines

Colour Variations

[1] Full Colour

This Marty Brand Identity is the primary version and should be used whenever possible.

[2] Single Colour Negative

Should be used when the Brand Identity has to be printed on a darker background.

[3] Black Positive

Should be used when the Brand Identity is reproduced with solely black or the legibility of the Brand Identity is compromised.

[4] Black Negative

Should be used when the Brand Identity is used against a black background and has to be reproduced in black and white. Please be aware of legibility and reproduction quality when applying the Brand Identity to all applications.

Placement

The Arabic Brand Identity must always be placed on the top right side and the english Brand Identity must always be placed on the top left side, when producing any Speedi related material or collateral.

However, the Brand Identity can only be placed in the middle of the available space if the surrounding space was restricted.

English Brand Identity placement

The English brand identity 'speedi' is placed on the left side of a light gray rectangular box, demonstrating correct placement.

Arabic Brand Identity placement

The Arabic brand identity 'سبيدي' is placed on the right side of a light gray rectangular box, demonstrating correct placement.

Incorrect Brand Identity placement

English Brand Identity placement

The English brand identity 'speedi' is placed on the right side of a light gray rectangular box, demonstrating incorrect placement.

Arabic Brand Identity placement

The Arabic brand identity 'سبيدي' is placed on the left side of a light gray rectangular box, demonstrating incorrect placement.

Clear Space and Minimum Size

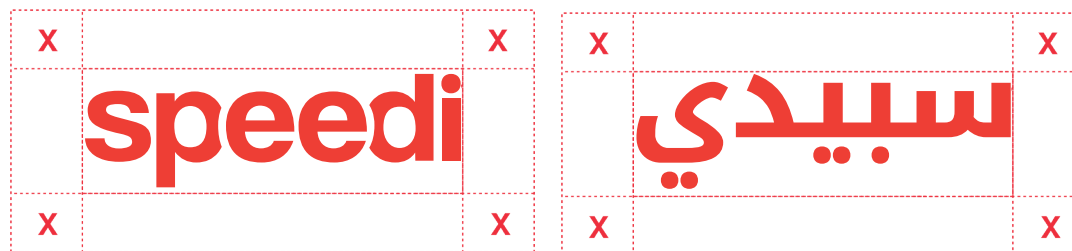

Clear Space

To protect the integrity of Speedi Brand Identity a minimum clear space equal to 'X' must surround the Brand Identity at all times.

Minimum Size

Speedi Brand Identity should never be produced below a minimum size of 2.5cm in width. Production tests must be carried out on alternate materials (eg metals or fabric) and finishes (eg foil blocking, embossing or engraving) to ensure optimum reproduction.
